Final Sidebar Direction

White sidebar background, reduced width, smaller labels, and active state where only the icon tile uses the brand color. This matches the clean dashboard card style instead of fighting it.

Expanded Width

190px. Smaller than the old menu and enough for readable labels.

Collapsed Width

72px. Centered logo, icon-only navigation, tooltip on hover.

Active Style

Item has soft background. Icon tile is `#5B4BC4` with white icon.

Typography

11px menu labels, 9px section labels, 8px radius for nav items.
